PERSONAL INFORMATION   Rastislav Skalský

Work: Schlossplatz 1, A-2361 Laxenburg, Austria

Date of birth 03/06/1976 | Nationality Slovak

WORK EXPERIENCE

2012 - present

Research Scholar

IIASA – International Institute for Applied Systems Analyses, Biodiversity and Natural Resources Program (BNR), Agriculture, Forestry, and Ecosystem Services Research Group (AFE), Schlossplatz 1, Laxenburg, Austria, www.iiasa.ac.at

- process-based modelling of agro-ecosystems at global and continental level with focus on crop production and biogeochemical cycling in plat-soil-atmosphere system,
- soil, topography, land cover, land use data analysis,
- bio-physical models up-scaling and uncertainty assessment,
- database and GIS data processing in different environments,
- model/data interface development, testing and maintenance,
- project management, conference and meetings attendance, publication of research results,

Business or sector Research

1999 - 2023

Research Scientist

NPPC-VUPOP – National Agricultural and Food Centre – Soil Science and Conservation Research Institute, Trenčianska 55, 821 09 Bratislava, Slovakia, www.vupop.sk

- policy-relevant interpretation of national-wide soil and landscape data for different purposes (LFA, CAP, EIONET, national needs),
- environmental modelling – soil and landscape data coupling and process-based models up-scaling mostly focused on simulation of water regime of soil and soil organic carbon balance at local, regional, and national scales,
- soil survey, soil classification, soil mapping at local and regional levels,
- maintenance of national soil information system datasets with focus on National Agricultural Soils Inventory data digitization and implementation,
- project management, conference and meetings attendance, publication, and dissemination of research results,

Business or sector Research, Environmental protection

XI/2020 – II/2021

Research Scientist

VURV v.v.i. – Crop Research Institute – Division of Crop Management Systems, Drnovská 507/73, 161 06 Praha 6 – Ruzyně, Czech Republic, www.vurv.cz

Business or sector Research, Environmental protection

EDUCATION AND TRAINING

1999 – 2008

Philosophiae Doctor (PhD.)   Philosophie Doctor
PhD.

Comenius University, Faculty of Natural Science, Department of Soil Science, Bratislava, Slovakia

▪ Soil science and environment,
▪ soil and landscape survey,
▪ soil science knowledge & soil information GIS,
▪ digital soil mapping,
▪ process-based modelling of soil-plant-atmosphere interactions

1994 – 1999   **Magister of Environmental Sciences (Mgr.)**   Master of Science (MSc.)

Comenius University, Faculty of Natural Science, Department of Soil Science, Bratislava, Slovakia

▪ soil genesis,
▪ soil – plant interactions,
▪ soil classification and soil & vegetation survey

PERSONAL SKILLS

Mother tongue(s)   Slovak

Other language(s)

UNDERSTANDING		SPEAKING		WRITING
Listening	Reading	Spoken interaction	Spoken production	
English				
C1	C1	C1	C1	C1
Czech				
C2	C2	C1	C1	C1

Levels: A1/2: Basic user - B1/2: Independent user - C1/2 Proficient user
Common European Framework of Reference for Languages

Communication skills
▪ communication in multi-disciplinary teams,
▪ communication in multi-cultural teams,
▪ moderation/facilitation of communications/meetings,
▪ written communications (email/posts/blogs),

Organisational / managerial skills
▪ small group coordination (current and former project team leaderships)
▪ supervision (current and past supervisions of junior researchers)

Job-related skills
▪ data analyses in GIS and database environments,
▪ data synthesis, visualisations, and interpretation,
▪ running process-based crop models and maintaining spatial data infrastructures,
▪ summarising and presenting outputs of a research,
▪ soil and landscape field survey and (conventional) mapping,

Computer skills
▪ active MS Office suite user (Word, Excel, Outlook, PowerPoint, SharePoint)
▪ active MS Teams user
▪ working with MS Access
▪ working with ESRI ArcGIS
▪ SQL for applications
▪ Visual Basic for applications (basic)
▪ Python for applications (basic)
▪ R package (basic)

Other skills
▪ organization of events (meetings, seminars, field trips)
▪ active driver

ADDITIONAL INFORMATION

Projects	**Most important running and past research projects**

IIASA:

2023 – 2026: AI4SoilHealth - the European Union's HORIZON project Accelerating collection and use of soil health information using AI technology to support the Soil Deal for Europe and EU Soil Observatory, IIASA principal researcher, task lead

2022 – 2026: LAMASUS - the European Union's HORIZON project Land Management for Sustainability, IIASA research team member

2022 – 2026: ALFAWETLANDS - the European Union's HORIZON project Wetland restoration for the future – ALFAwetlands, IIASA research team member

2017 – 2020: CIRCASA - the European Union's Horizon 2020 project Coordination of International Research Cooperation on soil CArbon Sequestration in Agriculture, IIASA research team member

2017 – 2021: RESTORE+ - International Climate Initiative (IKI) project on restoration or utilization of degraded/marginal land in Indonesia and Brazil, IIASA research team member

2016 – 2019: GROW Observatory - the European Union's Horizon 2020 research and innovation programme under grant agreement No 690199 on scaling-up the citizen driven environmental monitoring in the domain of land cover and land use change, IIASA research team member

2014 – 2020: IMBALANCE P – European Research Council (ERC) grant project focused on various aspects of global phosphorous balance, IIASA research team member

2012 – 2016: IMPACT2C – EU 7th FP research project focused on analysis of early impact of 2°C warming in Europe in different sectors, IIASA research team member

NPPC-VUPOP:

2020 – 2023: EJP Soil - the European Union's Horizon 2020 project to create an enabling environment to enhance the contribution of agricultural soils to key societal challenges, NPPC-VUPOP research team member

2019 – 2023: URANOS -EU operation program research and innovation project on data and knowledge support for decision-making systems and strategical planning of climate change adaptation and minimising soil degradation in agricultural landscape, principal researcher for partner organization

2018: Contract with Ministry of Agriculture and Rural Development on Crop Yield Forecast in Actual Agricultural Season with SK_CGMS modelling system, NPPC-VUPOP principal researcher

2018 – 2019: Contract with Ministry of Agriculture and Rural Development on Evaluation of CAP Rural Development Program to Soil erosion and Soil Organic Carbon in Programming Period 2015 – 2020, NPPC-VUPOP research team member

2016 – 2018: FACES – Erasmus+ project on creating the international digital platform and database for the soil classification information exchange critically needed for the teaching in environmental sciences, NPPC-VUPOP research team member

2015 – 2019: ENVISOC: Slovak Research and Development Agency project on environmental evaluation of soil organic carbon regulation in different ecosystems, NPPC-VUPOP research team member

2012 – 2015: C-FORLAND –focused on soil organic carbon inventory in forestry and agricultural sectors and its balance in context of IPCC reporting, NPPC-VUPOP principal researcher

2012 – 2013: national key expert for the Less Favourable areas delimitation as a part of Common Agricultural Policy of EC implementation at national level, national soil information and GIS expert

2012 – 2013: KPP-Info – Slovak Research and Development Agency project of bilateral Czech and Slovak collaboration in field of National Agricultural Soil Inventory data implementation into information system and its publication, NPPC-VUPOP and national principal researcher

2010 – 2012: eContentPlus project GS-Soil, work focused on national soil data harmonization across the EU, (INSPIRE directive best practice network), SSCRI research team member, Soil harmonization working package team leader within NPPC-VUPOP

2008 – 2011: EU 7. FP project CC-TAME (www.cctame.eu), work focused on building-up the EU level soil and landscape data infrastructure for bio-physical modelling and geographical data management, NPPC-VUPOP team principal researcher and working package coordination

2006 – 2009: EU 6. FP project GEO-BENE (www.geo-bene.eu), work focused on building-up the global level soil and landscape data infrastructure for bio-physical modelling and geographical data management, NPPC-VUPOP team coordination

2005 – 2006: MEUSIS-SK, contract with EC JRC for providing geographically and semantically harmonized national data on soil, NPPC-VUPOP research team member

2003 – 2006: EU 6. FP project INSEA, work focused on EU level soil and landscape data infrastructure for bio-physical modelling and geographical data management NPPC-VUPOP research team member

VURV v.v.i.:

XI/2020 – II/2021: EU Operational Programme Research, project Mobility of Researchers to Support New Trends and Methods in Agricultural research, senior visiting scientist

Soil and landscape survey experiences (NPPC-VUPOP):

FACES (2016) Slovak field trip preparation, instructor

LUCAS (2015) land cover/land use survey, soil sampling, field surveyor,

LUCAS (2012) land cover/land use survey, soil sampling, field surveyor,

(2010, 2011) local-level soil inventory in the municipality Selice – soil description, soil sampling, soil map compilation, principal field surveyor,

(2010, 2011) creation and testing of the soil survey manual for the 1:10.000 soil maps update, principal researcher,

LUCAS (2009) land cover/land use survey, soil sampling, field surveyor,

2007 – 2010 soil survey for the land reclamation projects (municipality level), field surveyor,

CMS-P (2007) soil profiles description and documentation, soil sampling for the national soil monitoring system, field surveyor,

LUCAS (2007) land cover/land use survey, topsoil properties description, field surveyor,

BIOSOIL (2006) soil profiles description and documentation, soil sampling for the international forest soil monitoring system, field surveyor,

(2005 – 2008) local-level soil inventory in the Gemerská Hôrka municipality surroundings – soil description, soil sampling, soil map compilation, PhD. thesis project,

(2003, 2004) soil profiles description and documentation, soil sampling for the regional soil and pedo-geochemical maps of Lučenec-Rimava and Záhorská nížina regions, field surveyor;

CMS-P (2002) soil profiles description and documentation, soil sampling for the national soil monitoring system, field surveyor,

1999 - 2003 soil survey for the land reclamation projects and Land Evaluation maps update (municipality level), field surveyor,
