IIASA Strategy 2021 - 2030

1. Why
2. What
3. How

IIASA Strategy 2021 - 2030

Motto (short phrase encapsulating the belief and purpose of IIASA):

Systems science for transformations to sustainability

Question 1

Considering that a Motto is a short phrase encapsulating the belief and purpose of an organization...

Do you think that "Systems science for transformations to sustainability" is an adequate motto for IIASA?

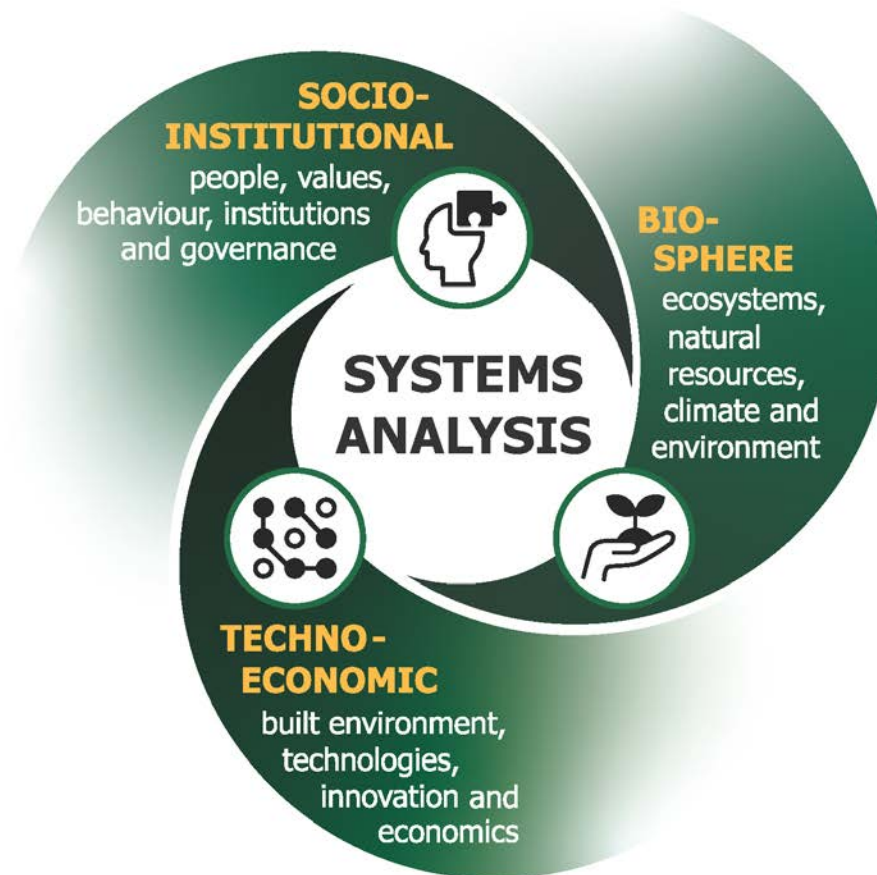

ANSWER YES or NO

Question 2

Would you have a better motto for IIASA?

Share it with us!

Challenge domains

Question 3

In your view what is the most important challenge domain for Africa? Choose only one.

BIOSPHERE

SOCIO-INSTITUTIONAL

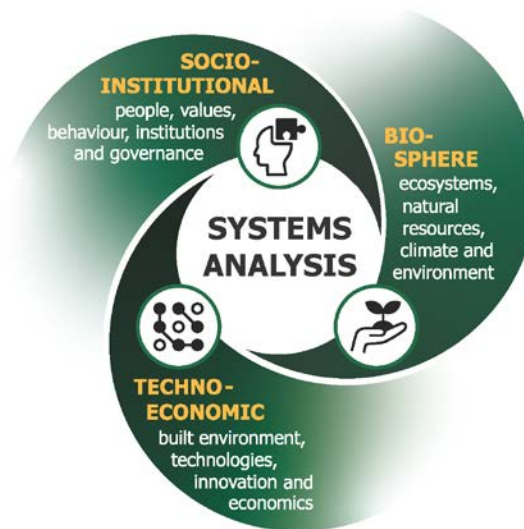

TECHNO-ECONOMIC

Research Priorities

Demographic and socio-economic transformations

Transitioning to new forms of governance and citizen engagement

Transitioning energy systems

Transforming consumption and production patterns

Transforming technology to serve society

Transitioning to resilient cities and communities

Transitioning to integrated biosphere systems management

Question 4

In your view, which are the three most important research priorities for Africa?

- Demographic and socio-economic transformations
- Transitioning to new forms of governance and citizen engagement
- Transitioning energy systems
- Transforming consumption and production patterns
- Transforming technology to serve society
- Transitioning to resilient cities and communities
- Transitioning to integrated biosphere systems management

Share your three top priority challenges

Question 5

In your view, are there specific challenges for Africa missing in this list?

- Demographic and socio-economic transformations
- Transitioning to new forms of governance and citizen engagement
- Transitioning energy systems
- Transforming consumption and production patterns
- Transforming technology to serve society
- Transitioning to resilient cities and communities
- Transitioning to integrated biosphere systems management

Share your priority challenges missing from the list above

Delivery for Impact

1. FRONTIER - Advancing the Frontiers of Systems Analysis
2. POLICY - Providing Robust Policy Advice
3. TOOLS - Providing Tools and Support to the Research Community
4. CAPACITY - Capacity Enhancement & Training
5. KNOWLEDGE - Communication and Knowledge Dissemination
6. DIPLOMACY - Science and Diplomacy
7. PUBLICATIONS - Publications and products for outreach

Question 6

In your opinion which are the three results that will deliver more impact to Africa?

Share the three most important results for impact

Question 7

**Anything missing in this list?
What else could IIASA do to deliver impact to
Africa**

Share your ideas

Systems Analysis and Africa
