

## Eligibility requirements for the IIASA-Israel Program

The applicant must be a member of/affiliated to an academic or research institution or a professor emeritus who continues working on research in an academic or research institution in Israel (hereinafter called the "Affiliated Institution");

In Israel, the "Affiliated Institution" must be one of the following:

- a) An accredited institution of higher learning in Israel, according to the Council for Higher Education Law, 1958;
- b) A Research Institute recognized as such by the Israel Science Foundation (ISF);
- c) A Research Institute which is a nonprofit organization;
- d) A Research Institute which is a government company or a governmental unit.

A "Research Institute" is a research institute whose significant portion of activity is the advancement of cutting-edge scientific knowledge, possessing appropriate infrastructure and equipment, and employing researchers who, inter alia, publish articles related to their research in leading scientific journals in the world, and who present their research at international symposia.
